

HILLINGDON PRIMARY SCHOOL

Why Choose a Career at Hillingdon Primary School?

Our Ethos:

Learning and achievement drives everything that we do at Hillingdon Primary School. Our job, in partnership with parents, is to build the foundations for a successful education, to enable each child to discover the joy of learning, to help them to fulfil every aspect of their potential and to encourage their growth into effective citizens, ready to play their part in the world and their community.

We endeavour to ensure that every child is successful in the key areas of English and Maths and we are keen to see this recognised in the results they secure. However, we also want them to learn and experience more than this through an ambitious and varied curriculum and a range of extra-curricular and after-school opportunities that complement our work in the classroom. We value each child as an individual and aim to provide the opportunities for pupils to excel in areas where they have a special talent whether this is in science, sport, drama, art, music or through involvement in special projects.

Our Commitment to Staff:

At Hillingdon Primary School, we know teachers work best in a culture where they are trusted to do their job well and are given the time and support to do it. We are an 'outstanding' school and are determined to maintain this status for our students, who deserve an excellent education. We know we can only do this by providing an environment in which teachers enjoy working and feel valued and supported by senior leaders to do well. We work hard to provide this environment. Teachers work within a supportive team overseen by a Year Group Leader. All subject planning is in place on a Google drive for teachers to adapt to the needs of their pupils. Specialist subject teachers cover PPA; there is a pool of class learning support assistants; and administrative support to manage data collection and input.

Professional Development:

The school is proud to be part of the Elliot Foundation and the opportunities this provides for continuing professional development as well as the collaboration and sharing of practice with other Elliot schools. A career in the Elliot Foundation is one full of opportunity with access to a wide range of comprehensive learning and development opportunities designed to bring the best out of you so you can help bring the best out of our children. Because the Elliot Foundation model is one of self-supporting, self-improving clusters schools you will also get the chance to explore and develop your particular passion in a range of contexts.

In addition to the opportunities available through our membership of the Elliot Foundation, Hillingdon Primary School is proud to have a successful track record of enabling career progression. As a large primary school with an established leadership structure we support staff to develop their leadership and management skills as part of our internal succession planning. Many of our ECTs have progressed to middle and senior leadership positions and a number of our more experienced teachers have progressed to Deputy Head and Head Teacher roles as a result of their development at Hillingdon Primary.

We are also a local partner for Teach West London teaching school hub, leading on Primary ITT and ECT training and development in the London Borough of Hillingdon, and we are thrilled at the additional opportunities this presents for our staff to grow and progress.

How to Learn More:

Further information about working in the Elliot Foundation can be found on their website.
