Monday 31st January 2022

Safer Internet Day- Tuesday 8th February

Dear Parents and Carers,

SAFER INTERNET DAY

Safer Internet Day is more important today than it has ever been. Safer Internet Day is celebrated annually in over 100 countries. This year's theme is 'All fun and games? Exploring respect and relationships online.' The day offers the opportunity to celebrate young people's role in creating a safer internet, whether that is whilst gaming and creating content, or interacting with their friends and peers.

We will mark this by a special assembly for the students during the week of 31st January from our Computing Team and lessons tailored to each year group on keeping safe online.

Internet Safety Workshops: Years 1 to 6

We are delighted to give the students from Year 1- Year 6 an opportunity to enhance their learning of keeping safe online. This forms part of their PSHE and Computing curriculum.

The workshops will take place on the week of 21st of February and will take place within school. The workshop is interactive, giving students a chance to get involved and ask questions. Open View Education has worked with Hillingdon Primary School and these engaging and informative workshops are carefully designed and tailored to each year group appropriately.

The cost of the workshops is **£3.00 per child** which we would appreciate being paid via the ParentPay website as soon as possible. Contributions from parents/carers towards the cost of the workshop for their child are arranged on a voluntary basis. However, the workshop cannot go ahead without the total cost being met. We must, therefore, rely upon your support in order to make the workshop possible. We are a cashless school and would appreciate that you make payment for this visit by **Friday 11th February** via ParentPay.

In the meantime if you wish to learn more please visit the UK Safer Internet Centre website at:
